

Hello Supporters of Crystella Ski Hill,

Crystella Ski hill, Board of Directors and staff, in accordance with the Ski Act of 1962, are excited to welcome skiing and snowboarding families back for the 2024 season. This year sledding is NOT allowed on the hill during normal hours or any time our operators are running the tow ropes. This compliance decision, made by your CRA Board of Directors, is to assure the safety of all users of the hill. Sledding families are invited to utilize the hill at no charge during off hours or anytime the tow ropes are not in operation.
